COMMUNITY COUNCIL MINUTES

Date: 1/9/23

Time: 3:45 - 4:40 pm

Place of Meeting: Meeting was conducted via Zoom

Council Members Present: Mike Johnson (Chair), Sarah Chatterton (Vice-Chair), Dan Cramer (Secretary), Brittany Hughes, Tara Minert, Tiffany Rowberry, April Johnson, Mallory Poole, Vangee Watts, Jennifer King (Principal)

Council Members Absent: Michelle Mattson

Guests Present: Lia Smith (Admin Intern, Hillcrest & Viewmont); Kelly Taeoalii (School Board Member)

Agenda items:

1. The meeting was called to order by Mike Johnson, SCC Chair, at 3:45 pm. A motion to approve the meeting minutes from November 14, 2022 was made by Dan Cramer. The motion was seconded by Sarah Chatterton and a vote was called for. The motion passed unanimously.

2. Cameras on the student Chromebooks from prior discussion regarding Digital Citizenship and Safety.

    a. Principal King spoke with Missy Hamilton, and Jason Eyre about Tech and hardware. The Acceptable use policy brought up. NetRef is being used this year for Internet Safety across the District. This also allows teachers realtime visibility to student chromebook usage. Students can be locked out of sites during class and remotely, including Youtube, while on sick days. Not a policy, but more a tool.

        i. Any picture/video taken by a student is automatically stored in the cloud for 180 days (at least) as part of the students' device.

        ii. With NetRef, a picture is taken every 8-12 sec of what student is doing, on the device, in the cloud. IT can see what a student is accessing on the computer.

        iii. Mr.Cramer asks, if IT can remotely turn on camera, what can an adult do to turn that on and what audit trail is there if that happens.

      iv. Follow ups for taping over cameras and break the glass list. Brittany mentioned this is a good way to teach Digital Citizenship.

3. You Tube on Student Computers.

    a. YouTube will disabled on K-6 Chromebooks starting in March (the delay until March is to let teachers transition over to their own acceptable use site as well as to get some training on the new platform for use of videos). Teachers can still use, but not on students machines. Will go through a different site though (myVR spot).

4. Brief Update on 4th Grade following our last meeting.

    a. Hired a 19 hour aide. Mrs. Stoddard has been a great addition, so we are now fully staffed in 4th grade. Math and reading aidesare also in and things are stabilizing and it is much calmer in. Mrs. Roller (student advocate) and Mrs. Preece (Social Worker) have been leading a group on Mondays for 4th graders who may be ahead of the curve academically or who may not be in need of as much behavioral support. This allows them to get some special attention from adults in the building while also allowing the 4th grade teachers some time to do some reteaching or additional support for students who need some extra traditional classroom support. Things going much better in fourth grade.

5. MOY Acadience (both reading and math) Data was presented by Principal King.

6. Begin preliminary discussion of items for Academic Goals for 2023-2024 shool year and proposed expenditures connected to the goals.
    a. Need to be Academic in nature, can encourage behavior through academic focus, but need to tie to academic curriculum
    b. Four years worth of plans on the website to see previous year plans
    c. This year's expenditures focused mainly on DIBELS to drive academic goals (not necessarily RISE as well)
        i. Data dives, paraprofessional, FOSS kits, Recess Monitors, technology
7. Motion to Adjourn by April Johnson, seconded by Vangee Watts.

Our next SCC meeting is scheduled for: March 13, 2023 at 3:45 pm. This meeting will be conducted via Zoom format.
